Editorial

Hi, dear & faithful readers
Yep, your favourite D.M is
back in yer hands, in front
of your eyes, directly
connected with your mind!

Of course, I admit we're quite
late, because of some
troubles like school, the lack
of articles (have a look at
'HELP'), but above all, the
difficulty to find a drawer
for this issue, becuz Bebeex
is busy with exams...

Finally, LETO 2 drew all the
piccys I waz needing, and
this in spite of the 'COLD
WAR' between TRANSCOM and
CFR. So thanx!!
Well, that's all folks! Just
enjoy this issue and wait
for the next one!
(If there's any 'next one')

Bye!

ABOUT (T)RANSCOM...

Yep, some changes have happened in the
inner composition of our group recently.
Remember: at the beginning TCOM was
composed to (ex) C64CG, (ex) DCU, (ex)
PLEASURE and finally GM20 (ex I-dunno-
what). Quickly, GM20 leaved or has been
thrown out (God knows).

This is now Photony (NY) for his friends
who decided to leave TCOM. He said he waz
not searching for a bigger group, but for
a cooler one (Aren't we cool?).

Anyway, may the force be with you, NY.
So now, TCOM is only ex-C64CG and ex-DCU.
Well, that's all for the TCOM's 1/0 monthly
serie!

Please HELP me!

In wich language do you want me to spell
it? I-NEED-YOU! Yes, you, who's
reading me at the moment! How can I make
you understand that this mag need you
to exist! Each time it's harder for me to
find the articles, to fill these columns!
So if you don't make a little effort this
issue will be the LAST one!

So I decided.

Look at BSH-ORION smiling like a shark !

Here are the 2 best photos I've taken at the party : guess who's the tall guy with a 'TRIAD' Tee shirt and who got a Big smile : JayPie, of course ! The little one in the middle is Colin/ex-FUSION and finally the bent one is MAD AFL ! The 3 guys down are all from FAIRLIGHT ! The Tallest is Strider, the smallest Hobbit and endly Go-lame...eh.. Collum in the middle ! <<<JAYCE>>>

Who's the unsmiling guy up featuring moustache ? It's Siedgehammer ! And the smiling one is Colin/ex-FUSION

WHY THIS 'VIRUS' ?

Well I admit I have been quite surprised by all these comparisons between DELIBERATE and DELIBERIOUS made which have been done by everybody surprised just because you can't compare 2 different things DELIBERIOUS don't mix with the ILLEGAL it would have been stupid from me to make an ILLEGAL's copy an ILLEGAL B/S, and in my way I had such an idea. So I had to create something new and calls it the First results were awful but now DM has his own body design and of articles, soul for me, but is different and complementary to the ILLEGAL, and vice versa, <> Jayce

So, the perfect gentleman you are has to know that DELIBERIOUS did exist since the beginning of 1987, but it's written in each language, and was only concerning the French hackers (don't laugh it with a bunch of politics. But when DELIBERIOUS international group didn't laugh but thought it would be much more exciting to write it for the european market, and here's the baby <<< JAYCE don't laugh D >>>

VENLO REPORT (CFR)

EVIL EDDY'S FIRST !

EUIL EDDY'S ENTERTAINMENT

Yesterday took place the biggest Venlo meeting I ever seen. When I arrived with MAD ALL and HITCHER, the place was already filled with more than a hundred people and most of the famous guys were still to come. We were so many I'm not sure I can remember all the great names so forgive me if I forget you.

We were 5 CFRers there (a premiere D : RAMme), MAD ALL, HITCHER, BUBULAND and LETO (our newest member - see the Belgian news D) and we've all been busy like hell, spreading the easter disk, having chats with our friends. For example, I spoke with Markus of RADMAR/TLC who gave me one of his DIGITAL NEWS & I must say I was quite impressed because it is a great mag. I made an effort and took my german dictionary to read it 'coz it has all the stuff to be a winner : really pretty graphics, mega-cool music by (FAME and Maniacs of Noise) and fresh coding with a load of interesting subjects (like curses about programming and music, interviews, charts... and advertisement device !!!). I really enjoyed it ! I also met guys from the maniacs of noise (you know, they made music for Battlevolley, Scout and Cybernoid D : Jeroen Tel and good old TMC. I must say you'd better fasten your seatbelts because that's not all ! They're making a game together and I was quite impressed when I saw the stunning graphics and I heard the mega-muzak. The game should be called 'Assault force' and be released by Hewson... it will be a shot'em up (a bit like Firebird's ID D). The graphics really look great (In fact, some of the best I've ever seen) with a very good score display, the music is radical, the in-game music uses only one voice so the 2 other ones can be used for sound FX, & that music has got drums, bass and melody (yes, on one voice D).

But that's not all! they've a lot of music to make for games (those mentioned in the April issue of the ILLEGAL + 2 music for the games that ULTIMA OF UNION, MARK of IKARI and IAN & MIC are writing D) and that's not finished yet : they're also planning to release two new scoop demos, among them will be the long-awaited ROCKY IV with music by Jeroen tel !!! This is what I call a DYNAMIC DUO !

But the real stars on that meeting were undoubtedly FAIRLIGHT and IKARI. Yes, Strider and Collum, the swedish FAIRLIGHTERS have been drivin' 14 hours to come to Brussels where they slept at Hobbit's place to come and join us in Venlo. Hopefully Strider the commie-killer could see that the old the 64 is still alive and will start crackin' again. Nik and Just Ice, on their side, arrived in Belgium on thursday with Chuck D of HTL, where they slept with at MAD ALL's place, they went on Friday to our copy-party in LIEGE, slept at Bubuland's place and then went to Venlo where they met their newest member, TRI-DOS.

I also noticed those french fellas from TRANSCOM, with JAYCE spreading this mag like hell. I had a long chat with most members (JAYCE, MALIBU, LK, JUNKNOW, GREYSTONE, ...) where we discussed about member transferring (see Belgian news for details D). Then I met my old mate DUKE of the TCC who spoke of the game he's making with NERON and a third lighter on Amiga. It is called NEUTRALIZER and will be released on 1st of July by Rainbow Arts. He promised me a copy of it, so thanx a lot dude !

I also spoke with guys from the Amiga number one group TRISTARS. One of them got caught by the police when going to the post-office to send new stuff to his contacts & spent 3 hours in jail so they're now probably gonna change of name & start from the beginning. They think of the name 'PARAMOUNT', but obviously it did not delight all of em.

Other guys & groups I met were : ORION, JUDGES, TRIAD (JEFF, SMART, TK), HTL, FUSION, APC, TWG, SAP, MADSQUAD, SRG, ONLINE, RED SECTOR and 1001 crew. See ya all in July 'coz the next 2 month I won't be going to Venlo. Cahool !

Greeting@ suckers, my name is EVIL EDDY, you all know me under another name, most of you have even seen me, but due to the contents of this case, it's dangerous for me to write under my pirate-mouth. I'll give you a clue, I've got two eyes and I'm not french.

How to destroy somebody you hate :

Hate somebody, do you want revenge, well don't get MAD, get even, don't call the cops (Childish) but try stuff like this -

In most magazines there are coupons which you have to cut out to get a subscription. Well, tape a letter to your victim saying he's won a free subscription (make sure it's a magazine he won't read (a boring one). Then send a coupon to this magazine under the name of your victim, don't worry about the signature, they won't check it.

The magazine will send your victim the magazines for 3-4 months before sending a bill, he will be surprised and call the magazine : the magazine will understand the problem but will demand the money or all the magazines back in perfect state, but as it was a magazine your victim did not like, he will have thrown away all the copies, so he'll be forced to pay.

Dirty isn't it, but it's a dirty world. (note from JAYCE : after reading this, I played a similar trick to a young lamer, but with an erotic magazine : when his parents discovered it in the postbox they got mad and 'destroyed' the poor lamer ! Cruel, isn't it ? Thank you Eddy D)

Thank to a writer of the illegal for the next DISCLUSTING LIMERICKS :

- #1) There was a young guy named Dave
Who kept a dead whore in a cave
He said 'I admit'
'I'm a bit of a shit'
But think of all the money I'll save !
- #2) There was a young girl of Madrid
Who thought she'd be having a kid
So by holding her water
For three months and a quarter
She drowned the poor bastard she did

Obviously ends the first edition of Evil EDDY's Entertainment, if you've a problem with someone or want to have a revenge, write to JAYCE and he'll pass yer letters on to me... And I'll answer them in the next issue. - EUIL EDDY -

VENLO REPORT NOTE

Yes, a little note about the big report written by RAM/CFR : it's about the April's edition of the meeting, and it can seem a bit strange to publish it in June. But because it was the biggest Venlo meeting ever, and so on... it's published in this issue.

I also hope that 'coz now the (stupid) troubles between TRANSCOM and CFR are over, this report won't be the last one from RAM... See you all in Venlo !
